Features

- Single handle controls flow to outlets.
- Includes faceplate with ADA-compliant metal level handle.
- When used with K-728 series MasterShower® transfer valves, handle controls flow to two or three outlets individually or any two outlets at a time.
- When used with K-737 series MasterShower® diverter valves, handle controls flow to two or three outlets individually (only one outlet at a time).
- 360° handle rotation with three-outlet operation.
- 120° handle rotation with two-outlet operation.
- Coordinates with Hint™ bathroom sink faucets and bath faucets.

Material

- Premium material construction with metal handle ensures reliability and durability.
- KOHLER finishes resist corrosion and tarnishing.

Installation

- Trim only; requires K-728-K MasterShower® 2- or 3-way transfer valve or K-737-K MasterShower® 2- or 3-way diverter valve (sold separately).
- Patented K-joint installation technology ensures consistent trim appearance, regardless of variability in valve rough-in.
